MHM is the leading national provider of correctional mental health services. By identifying the functional reasons for severe self-injury, our behavior management experts create and implement interventions that minimize incidents and hospitalization. As a result, our clients realize lower costs and safer facilities.

Delivering correctional healthcare the right way costs less. To find out how, contact Dr. Sharen Barboza at **800.416.3649** or sbarboza@mhm-services.com.
